

2018 PREVENTIVE DRUG LIST

WITH DIABETIC SUPPLIES

Preventive medications are used to prevent conditions like high blood pressure, high cholesterol, diabetes, asthma, osteoporosis, heart attack, stroke and prenatal nutrient deficiency.

Depending on your plan, you may not have to pay a copay, coinsurance (the percentage you pay after you meet your deductible) and/or deductible (the amount you pay before your plan starts to pay) for preventive medications.

How to read this drug list

This drug list includes the most commonly prescribed generic and brand-name preventive medications covered by your plan as of January 1, 2018.* Medications are listed alphabetically by the condition they treat.

- ▶ Brand-name medications start with a capital letter, and generic medications start with a lowercase letter.
- ▶ Some brand-name preventive medications have a generic equivalent available. For these medications, the generic will be listed in parenthesis next to the brand.
- ▶ Some preventive medications are also considered specialty medications. Depending on your plan, specialty medications may be covered on a specialty tier (cost level) and may cost you more to fill. Log into **myCigna.com** or check your plan materials to find out how your plan covers specialty medications.

Lower-cost options

Your plan covers many preventive medications. You should ask your doctor if a lower-cost preventive medication may be right for you. Generic medications have the same strength and active ingredients as brand name medications, but often cost much less – in some cases, up to 80–85% less.**

This list is regularly updated and not all of the medications listed here may be covered by your specific plan. You should log into myCigna.com or check your plan materials to learn more about how your plan covers preventive medications. You can also use the Drug Cost tool to estimate how much your medications may cost.

* State laws in Texas and Louisiana require your plan to cover your medications at your current benefit level until your plan renews. This means that if your medication is taken off the drug list, is moved to a higher cost-share tier or needs approval, your plan can't make these changes until your renewal date. To find out if these state laws apply to your plan, please call Customer Service using the number on the back of your ID card.

Pulmicort Respules
QVAR
Singulair (montelukast)
Striverdi Respimat
Symbicort
terbutaline
Theo-24
Theochron
theophylline
Xolair
Xopenex (levalbuterol)
zafirlukast
zileuton ER

Blood pressure related

acebutolol
acetazolamide
Adalat CC (nifedipine)
Adrenalin vial
Afedritab CR
Aldactazide (spironolactone/hctz
[25-25mg only])
Aldactone (spironolactone)
amiloride

amiloride-HCTZ
amlodipine
amlodipine-atorvastatin
amlodipine-benazepril
amlodipine-olmesartan
amlodipine-valsartan
amlodipine-valsartan-HCTZ
atenolol
atenolol-chlorthalidone
benazepril
benazepril-HCTZ
Betapace AF (sotalol AF)
betaxolol
bisoprolol
bisoprolol-HCTZ
Brevibloc
bumetanide
Caduet (amlodipine/atorvastatin
calcium)
Calan (verapamil)
Calan SR (verapamil)
candesartan
candesartan-HCTZ
captopril
captopril-HCTZ
Cardene I.V.
Cardizem LA (diltiazem HCl)
Cardura (doxazosin mesylate)
Cardura XL (doxazosin mesylate)
Cartia XT
carvedilol
Catapres (clonidine HCl)
Catapres-TTS (clonidine)
chlorothiazide
chlorthalidone
Cleviprex
clonidine
Clorpres
Coreg (carvedilol)
Coreg CR
Corgard (nadolol)
Corlopam
Corzide (bendroflumethiazide/
nadolol)
Demadex (torsemide)
Demser
Diamox Sequels (acetazolamide)
Dibenzylamine (phenoxybenzamine)
diltiazem
diltiazem CD
diltiazem ER
Dilt-XR
Diuril (chlorothiazide)

dopamine
doxazosin
Dutoprol
Dyazide (triamterene/hctz)
Dyrenium
enalapril
enalapril-HCTZ
Epaned
epinephrine auto-injector
eplerenone
eprosartan
esmolol
ethacrynate
felodipine ER
fosinopril
fosinopril-HCTZ
furosemide
guanfacine
Hemangeol
hydralazine
hydrochlorothiazide
indapamide
Inderal LA (propranolol HCl)
Inderal XL
Innopran XL
Inspra (eplerenone)
irbesartan
irbesartan-HCTZ
isradipine
Isuprel (eplerenone)
labetalol
Lasix (furosemide)
Levophed
lisinopril
lisinopril-HCTZ
Lopressor (metoprolol tartrate)
Lopressor HCT (metoprolol/hctz)
losartan
losartan-HCTZ
Matzim LA
Maxzide (triamterene/hctz)
methazolamide
methyclothiazide
methyldopa
methyldopa-HCTZ
methyldopate
metolazone
metoprolol
metoprolol ER-HCTZ
metoprolol-HCTZ
Microzide
Minipress (prazosin HCl)
minoxidil

Blood pressure related

Xgeva
zoledronic acid
Zometa

Prenatal Vitamins

All prescription-strength prenatal vitamins are considered preventive

Check your plan materials for formulary placement of branded prenatal vitamins

Cigna reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.
